## **Will Rogers World Airport Announces Nonstop Service to Washington D.C. on United Airlines**

OKLAHOMA CITY –Will Rogers World Airport announced today that United Airlines and their United Express partner, Mesa Airlines, will begin daily nonstop service to Washington/Dulles International (IAD) Airport from Oklahoma City starting June 7, 2007. The new service is the only scheduled nonstop flight between OKC and the Washington D.C. area and will be timed to connect to United’s major international bank of flights at Washington/Dulles International Airport.

“Securing nonstop service to the Washington D.C. area has been high on our priority list,” says airport director Mark Kranenburg. “It is a route we feel is critical to the continued growth of the airport and Oklahoma City. “We are glad United Airlines recognizes Washington D.C. as an important destination for our community.” The Washington D.C. area is one of Oklahoma City’s top 5 destinations.

United Express will operate the explus service seven days a week with the Canadair Regional Jet 700 that offers three seating options including United First® Class and Economy Plus®. Each row contains only four seats with two seats on either side of the aisle, eliminating undesirable middle seats along with providing easy access to overhead bins.

Tickets can be purchased online at [www.united.com](http://www.united.com) or through travel agencies beginning February 24, 2007. The initial schedule will be:

### **From Oklahoma City to Washington D.C.**

Flight #	Departs OKC	Arrives IAD
5328	11:55am	3:58pm

### **From Washington D.C. to Oklahoma City**

Flight #	Departs IAD	Arrives OKC
5333	5:15pm	7:25pm

The Washington D.C. area will be the second major market that United Airlines has started in Oklahoma City in the past year. In September 2006, United began daily nonstop service to Los Angeles. United Airlines also provides daily nonstop service from Will Rogers World Airport to Chicago and Denver.

The airline has served Oklahoma City since 1981.
